

# MANTELS

## INSTALLATION

1.) Simply mount a 2 x 4 on your wall. When installing mantels less than 6" high you will need to rip down the 2 x 4 so that it will fit inside the opening of the mantel.

2.) Slide our mantel over the 2 x 4.

3.) Then put screws through the top of the mantel to anchor it into the 2 x 4. You could apply construction adhesive on the edges of the mantel for extra security.
